

### *South Pacific Bright Ale 4.5% ABV*

*At Three Boys Brewery we personally tend each small-scale brew, right from selecting the best malt and hops until it leaves the brewery. Our beers are a living product; not filtered and not pasteurized - just as nature intended. Our aim is simple: finest quality beer, finest possible taste.*

*Our beers are brewed, bottled, and canned on site so you can guarantee quality and freshness every time.*

#### **Tasting Notes:**

Delicious, easy drinking ale with a hoppy kick to get any Friday Night flowing. Modern, ultra pale malts and new varieties of hops allow brewers to produce spectacular and aromatic beers like never before. Three Boys highlight this gorgeous evolution of the Pale Ale style with this bright, up-front, hoppy, South-Pacific treat. Look for pine and tropical hop aroma on a golden-straw malt base.
